THE ELECTRICITY ORDINANCE

SYARIKAT SESCO BERHAD (ELECTRICITY TARIFFS)
NOTIFICATION, 2015

(Made under section 4A(1))

WHEREAS Syarikat SESCO Berhad is the holder of a Licence issued on 15th day of November, 1992, under section 4(1) of the Electricity Ordinance [*Cap. 50*] to use, work and operate any installation and to generate, transmit, distribute and supply electricity subject to the terms and conditions specified therein:

NOW, THEREFORE, pursuant to section 4A(1) of the Electricity Ordinance [*Cap. 50*], Syarikat SESCO Berhad has, with the approval of the Yang di-Pertua Negeri Sarawak, fixed the tariffs for the supply of electricity for the different categories of usage at the rates as set out in the Schedule with effect from the 1st day of June, 2015.

1. In this Notification—

“average power factor” means the cosine of the angle of which the tangent is obtained by dividing the total of the reactive kilovolt-ampere-hours by the total of the kilowatt-hours recorded in any month by the Syarikat SESCO Berhad (hereinafter called the “Company’s”) meters;

“billing demand” measured in kW means the maximum demand registered during the month or 75% of the maximum demand registered during the preceding 11 months or the contract demand, whichever is the higher; contract demand being equal to the estimated maximum demand at the meter point at the time of connection;

“commercial supply” means the supply of energy from the Company’s supply lines to all commercial premises including office block, shop, godown, restaurant, school, hotel, boarding house, farms, estate, port, broadcasting and telecommunication installations, cinemas and entertainment locations, military and Government installation and hospital, and any supply used in the construction or building activities, but excluding private dwellings and industrial premises;

“domestic supply” means supply of energy to premises used only for private dwelling purposes, provided that no commercial activity is carried out in such premises;

“industrial supply” means supply of energy to industrial operation such as manufacturing, quarrying, mining, shipbuilding business, and to consumers who utilize energy for the purpose of pumping water, in whose premises electric motors and plants are used in connection therewith and the total wattage of lamps and air-conditionings installed for purpose of office use shall not exceed 20% of the total wattage of all electric equipment installed;

“maximum demand” means measured in kW, twice the largest number of kilowatt-hours supplied during any consecutive thirty minutes in any month;

“month” means the period between two successive meter readings, meters are normally read at intervals of approximately thirty days;

“off-peak period” means the period between 0000 hours and 0700 hours;

“peak period” means the period between 0700 hours and 2400 hours;

“public lighting supply” means supply of energy to any legal entity including the Commission of the City of Kuching North, Council of the City of Kuching South and other local authorities in respect of street lightings and other general public lighting purposes;

“school” includes kindergarten, children play school, nursery, tuition centres, college and universities and any other institutions offering study courses of any nature.

Revocation

2. The Syarikat SESCO Berhad (Electricity Tariffs) Notification, 2014 [Swk. L.N. 151/2014] is revoked.

SCHEDULE
(Paragraph 1)

RATE OF ELECTRICITY TARIFFS

1. DOMESTIC SUPPLY

TARIFF D

Shall be applicable to consumers taking domestic supply:

Monthly Consumption Block (kWh)	Billing Rate*
1-150	18.0 sen per kWh
1-200	22.0 sen per kWh
1-300	25.0 sen per kWh
1-400	27.0 sen per kWh
1-500	29.5 sen per kWh
1-700	30.0 sen per kWh
1-800	30.5 sen per kWh
1-1300	31.0 sen per kWh
1-above 1300	31.5 sen per kWh
Minimum charge	RM5.00 per month

Note: * For all kWh consumed

2. COMMERCIAL SUPPLY

(i) TARIFF C1

Shall be applicable to consumers taking commercial supply:

Monthly Consumption Block (kWh)	Billing Rate*
1-100	20.0 sen per kWh
1-200	24.0 sen per kWh
1-300	26.0 sen per kWh
1-400	28.0 sen per kWh
1-500	30.0 sen per kWh
1-3000	31.5 sen per kWh
1-10000	32.0 sen per kWh
1-20000	31.0 sen per kWh
1-above 20000	30.0 sen per kWh
Minimum charge	RM10.00 per month

Note: * For all kWh consumed

(ii) TARIFF C2

Generally available on application for consumers taking commercial supply:

Energy price	24.5 sen per kWh
Maximum demand price	RM16.00 per kW
Minimum charge	RM16.00 per kW x billing demand

(iii) TARIFF C3

Generally available on application for consumers taking commercial supply:

Peak period (0700 hours – 2400 hours) energy price	24.5 sen per kWh
Off-peak period (0000 hours – 0700 hours) energy price	13.9 sen per kWh
Maximum demand price during peak period	RM20.00 per kW
Minimum charge	RM20.00 per kW x billing demand

3. **INDUSTRIAL SUPPLY**

(i) TARIFF I1

Shall be applicable to consumers taking industrial supply:

Monthly Consumption Block (kWh)	Billing Rate*
1-100	24.0 sen per kWh
1-3000	25.0 sen per kWh
1-above 3000	26.0 sen per kWh
Minimum charge	RM10.00 per month

Note: * For all kWh consumed

(ii) TARIFF I2

Generally available on application for consumers taking industrial supply:

Energy price	21.7 sen per kWh
Maximum demand price	RM16.00 per kW
Minimum charge	RM16.00 per kW x billing demand

(iii) TARIFF I3

Generally available on application for consumers taking industrial supply:

Peak period (0700 hours -2400 hours) energy price	22.9 sen per kWh
Off-peak period (0000 hours -0700 hours) energy price	13.9 sen per kWh
Maximum demand price during peak period	RM20.00 per kW
Minimum charge	RM20.00 per kW x billing demand

(iv) Industrial premises may, at the absolute discretion of the Company, be given a 10% discount for a period of 5 years, on their monthly charges for the consumption of electricity.

4. PUBLIC LIGHTING SUPPLY

TARIFF PL

Shall be applicable to consumers taking public lighting supply:

Energy price	47 sen per kWh
Minimum charge	RM10.00 per month.

5. POWER FACTOR CHARGE

Lagging power factors shall be charged as follows:

- | | |
|--|---|
| (i) For average power factor between 0.75 and 0.85 lagging | 1.5% of the relevant month's bill for each 0.01 part below 0.85 lagging power factor. |
| (ii) For average power factor below 0.75 lagging | 3% of the relevant month's bill for each 0.01 part below 0.75 lagging in addition to (i) above. |

Approved by the Yang di-Pertua Negeri this 5th day of June, 2015.

By Command,

DATUK AMAR HAJI AWANG TENGAH BIN ALI HASSAN,
Minister for Public Utilities
Sarawak
